

Remember: LESS is MORE this **Christmas Season!**

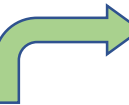

Appreciate the simple things... good health, family, home & clean communities!

- Give memories- Consider gift certificates for get-away family gatherings at parks, zoos, The Wilds, canoeing, rafting, ski outings and other outdoor excursions!
- Give your time- Offer help and skills with projects!
- Upcycle- repurpose, refinish, reinvent old items into something new again.
- Buy second hand!
- Make crafts, bake treats yourself or buy from local craft folks
- Buy local whenever possible... give in reusable boxes, bags, jars! Use the funny papers for gift wrap!
- At meals... use washable dinnerware instead of disposables! Use paper if you must, it rots!
- Recycle RIGHT into 2021! Perry County Recycling accepts: newspapers, magazines, office paper, cardboard (no gift wrap with glitter, glue, ribbons!), aluminum cans, steel food cans, plastic bottles and jugs (labeled #1 or #2 on bottom), clear & brown glass bottles and jars. *Never tie bags, dump in loose, rinse, flatten, remove lids to allow space for others and provide better working conditions for the workers at the Recycling Center!*

Thank you & Merry Christmas!

Remember: LESS is MORE this **Christmas Season!**

This wall hanging was made with old newspaper wrapped around gift card boxes. The black silhouettes were created by hand using construction paper! ~made by Mike & Heidi C.

Thank you & Merry Christmas!
