

## Seedling Care for Beginning Farmers

You've sowed seeds indoors and they sprouted. Now you have to care for those tender seedlings while they grow into transplants. Regardless of farm size and resources, you can nurture seedlings. Join us to learn more about how to turn seedlings into transplants.

### You'll learn about:

- Tools and supplies needed
- Stages of development
- Water, light and temperature requirements

*Central State University, an 1890 Land-Grant Institution, is committed to the full inclusion of all people, and does not discriminate on the basis of age, ancestry, race, color, disability, gender identity or expression, genetic information, HIV/AIDS status marital or family status, military status, national origin, political beliefs, religion, sex, sexual orientation, or veteran status. If reasonable accommodations are needed, please contact the Department of Human Resources at 937-376-6540. Affirmative Action/Equal Opportunity Institution.*
